# Logging Into Your Patient Records

Is as easy as 1 2 3..

1

Click Link in Email or On Website
If email is needed again, please ask our staff

Login with your username **Email Address** and password

To create a password for your account **Click Change Reset Password**

2

Fill-out **All Tabs In Your Account** (This is identified by the status gauge)

Once in your record, Click **Manage My Health Record**

Please Do Not Click Register (This will create a duplicate account)

3

Visit Reports and Tools to view recent test results

Check **My Inbox** to view and send messages, located in **Contact and Communication**

Interacting with your online health records makes your wait time **shorter** and our staff **more informed**
