Re: Updates to the WRS Health System

WRS Health is proud to announce the release of a new update to the system. Below is an explanation of the new item.

ITEMS IN THIS RELEASE

Set up drop down options

WRS has added a practice configuration option of the EMR note dropdown list behavior.

Under Administration -> EMR Set up -> Note Setup users can choose two different drop-down options, **Combined List from Practice Users** (*default setting*) or **System and Practice Default Only**.

End-users without any customized options who select:

- **Combined List from Practice Users** will see the combined customized list of other practice users.
- **System and Practice Default Only** will view the system entries.
