Re:	Release of Display & Color Code for Patients Exempt from Reporting

WRS is pleased to announce the release of functionality to clearly identify a patient that has been listed to "Exempt from Reporting".

ITEMS IN THIS RELEASE

Display of Patient in Search Results when Exempt from Reporting

Display of Patient in Search Results when Exempt from Reporting

If a patient is listed as "Exempt from Reporting", they will be identified within the patient search results in a grey background and italic text. Additionally, a note that says "Exempt – Transferred" will be appended to the end of the patient name.
